SUBJECT: INTERNATIONAL RELATIONS (100 MARKS) — 2022

> **Time Allowed**: Three (03) Hours | **Maximum Marks**: 100 Marks
>
> **Instructions**: Attempt any **FIVE (05)** questions in all. All questions carry equal marks (20 Marks each). Answers must be analytical, objective, theoretically grounded, and supported by contemporary empirical evidence.

QUESTIONS

Q.1 Critically examine if the Ukraine War is a local affair or a competition between the two superpowers, and how it is to impact European unity. Give arguments and examples to justify your answer. (20 Marks)

Q.2 Discuss the salient features of the US Indo-Pacific Strategy enunciated in February 2022. Analyze its implications for the South Asian Security Environment with particular reference to Pakistan. (20 Marks)

Q.3 The trade war between the US and China has jeopardized the global economic order impacting all regions and states; Pakistan caught between these two global powers is likely to be affected the most. Analyze Pakistan's predicament and suggest policy options to safeguard its national security objectives. (20 Marks)

Q.4 In the Realist prism, the 'State' is the legitimate actor in the international system, but the emergence of Non-State Actors (NSAs) has greatly impacted the global order; Taliban are governing Afghanistan without recognition and Hezbollah is a major stakeholder in Lebanon. Analyze the impact of NSAs on the global strategic environment with solid arguments and valid examples. (20 Marks)

Q.5 The Chinese Belt and Road Initiative (BRI) has global outreach in Asia, Africa, and Europe at the cost of US hegemony. Discuss its main objectives and analyze challenges and prospects of its success. (20 Marks)

Q.6 Abraham Accords was designed to normalize relations between Israel and the Arab World; however, except for a few Arab States, the idea has not received popular support among the public and leaders. Critically examine the implications of this Accord on the Palestinian issue. (20 Marks)

Q.7 The Covid pandemic has introduced the concept of the 'New Normal' in the psycho-social attitudes of the public across the globe. Evaluate its structural impact on international relations, economic globalization, and global governance. (20 Marks)
